

Изба Uva Nestum разполага със 23 дка собствени, натурално чисти лозя, където с много любов и грижа се отглеждат сортовете Сира, Рубин, Каберне Фран, Мерло, Каберне Совиньон, Тамянка и Мускат Отонел. За производството на вината със сортовете Шардоне, Алиготе, Совиньон блан и Мавруд, избата се доверява на подбрани гроздопроизводители, които споделят същия стремеж към качество и хармоничност на гроздето, от региони, в които тези сортове могат да развият пълноценно своя винен потенциал и зрялост.

The Uva Nestum winery boasts its own 23 decares of naturally farmed vineyards, where Syrah, Rubin, Cabernet Franc, Merlot, Cabernet Sauvignon, Tamianka and Muscat Ottonel grape varieties are grown with due care and lots of love. To make Chardonnay, Aligote, Sauvignon Blanc and Mavrud wines, the Winery trusts selected wine growers who also strive to produce a grape quality for making well-balanced harmonious wines, from regions, where these wine varieties can fully develop their wine potential and ripeness.
